

Thanksgiving Menu Cards

With the holidays just around the corner we thought it would be fun to share a little of our Forking Tasty Supper magic with you in the form of a little home craft. It's sure to spice up your Thanksgiving table and combat that holiday family drama. Print the next two pages and follow the simple assembly instructions to create your own pilgrim and indian menu cards.

Through the entire holiday season we will be sharing some of our DIY secrets to make your dinner parties a little more memorable in that non-family-drama way. So, keep an eye peeled at ForkingTasty.com for more fun.

Forking Tasty Suppers

Guests always ask us about the cool, little details at our supper club. We love creating them to enhance the experience. Here is a 'lil DIY Thanksgiving Pilgrim Menu that you can use to spice up your holiday dinner table.

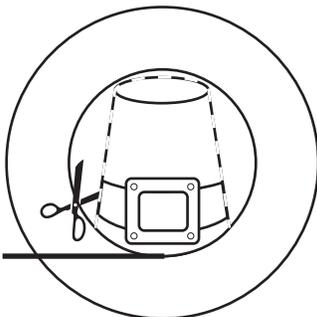

1

First write in your menu. Then cut along the dotted line. Fold twice where indicated.

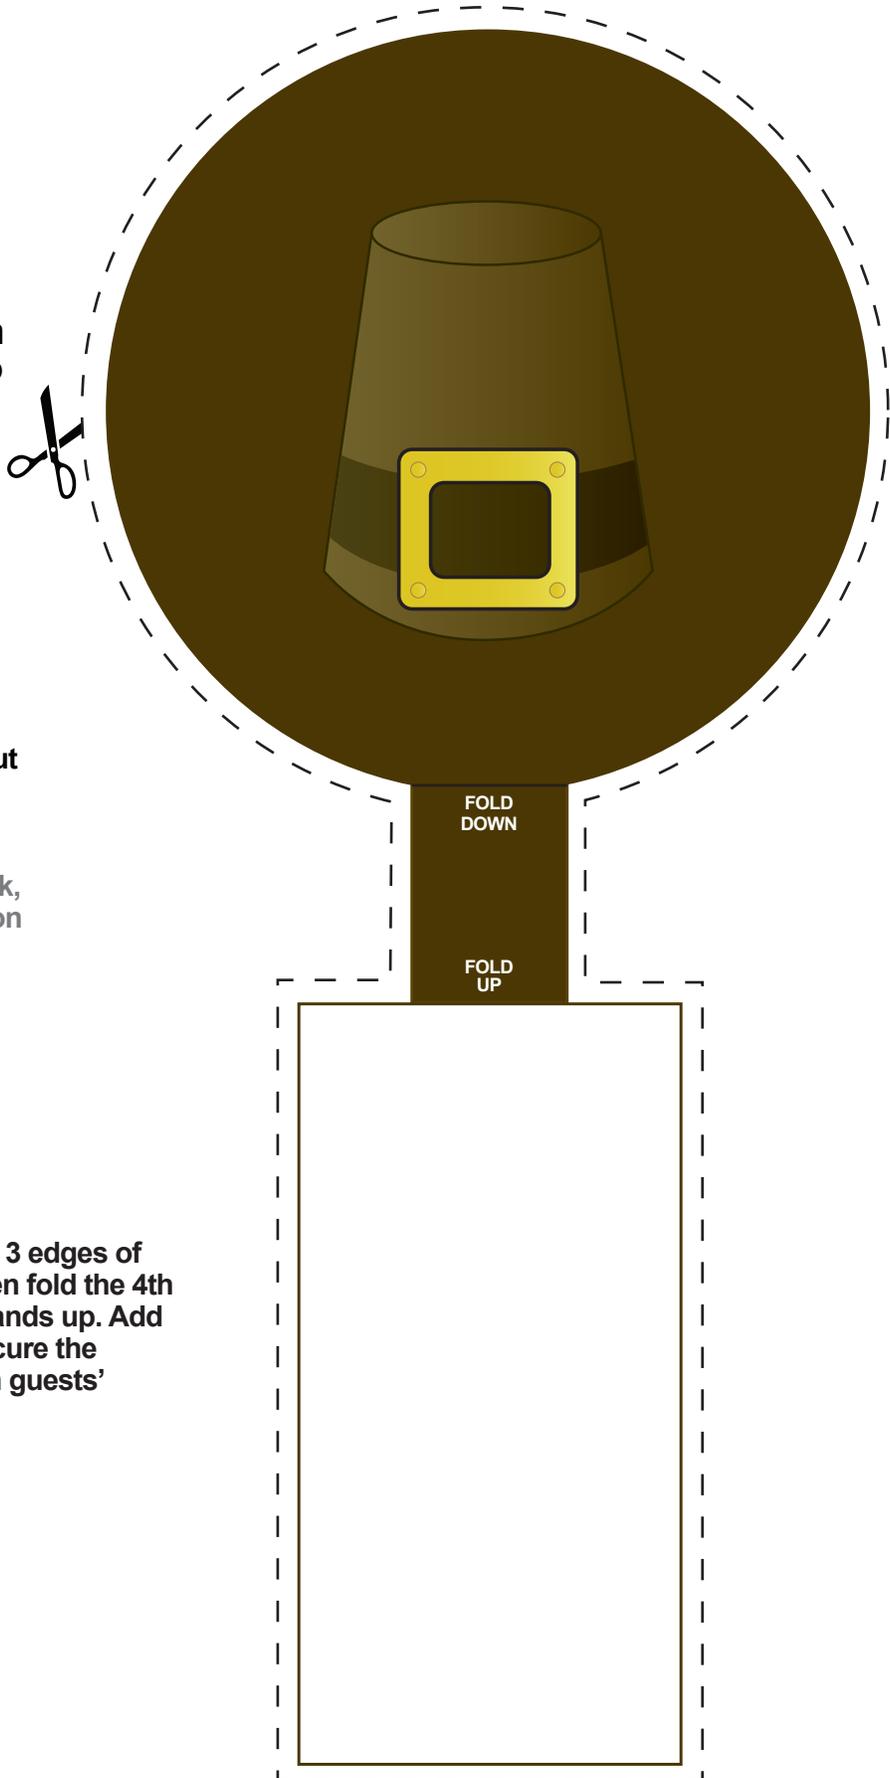

TIP: For a more professional look, type your menu out and print it on white stickers that are the same size as the space to the right.

2

With a razor blade, cut along the 3 edges of the hat. (see below diagram) Then fold the 4th side so that the top of the hat stands up. Add a piece of tape to the back to secure the folded menu. Then place in each guests' water glass.

Forking Tasty Suppers

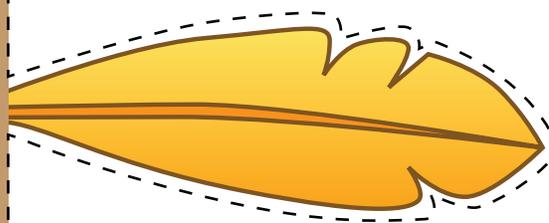

Guests always ask us about the cool, little details at our supper club. We love creating them to enhance the experience. Here is a 'lil DIY Thanksgiving Native American Menu that you can use to spice up your holiday dinner table.

1

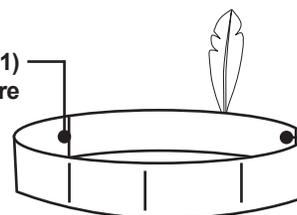

First write in your menu on the bottom strip. Use the vertical lines to separate appetizers, entrees and desserts. Then cut along the dotted line. **TIP:** For a more professional look, type your menu out and print it on white stickers that are the same size as the spaces below.

2

Nest the two strips inside each other so that the feather is in the back and the lines are in the front. (see diagram at right) You should see both brown sides facing you. Tape the strips together on 1 side. (fig. 1) Fit the ring around the top of your guest's water glass and secure the other side with a second piece of tape. (fig. 2)
